Dear Mr. Turner,

Thank you for taking the time to stop by and address your concerns regarding pension plans and the Supercommittee. Though I support overhauling the tax code, I understand the implications of removing certain tax provisions such as the tax deferral status of 401(k) plans. America would benefit from increased savings, and I agree that government should encourage rather than hinder that.

Again, I appreciate you sharing your thoughts and comments with me as we work to eliminate overspending, create jobs, and make our country a better place for all Americans. I am honored to serve the people of Florida's 8th Congressional District as a representative in the United States Congress.

Your Servant,
